Bro. David Pittman,

I would like to express our gratitude for the associations financial support for our recent youth mission trip. We spent a week working with a church in central Illinois. While we were there we handed out Bibles in the community, lead VBS in the morning and revival in the evening. We saw 4 children accept Christ during our VBS! We even had one of our own students pray to receive Christ during the week as well!

Our goal was to have a successful VBS ministering to kids and for the revival to be a great spring board for the church to prepare for what God has for their future! Both of these were achieved, and many more blessings along the way!

So thank you so much! We wouldn't have been able to accomplish everything we did with out the financial support you provided! It truly is a blessing to have a Director of Missions and association that support mission work this way!
