

# Mission Ministry Report

---

## Calvary Baptist Church

Hello Traci,

I wanted to follow up (report) on the grant that the Association provided last year for the building of a fence at our MidTown Ministry. We completed the work two Saturday's ago.

I'm attaching a photo that will show the completed work. Though all the figures are not in, the cost ended up about \$2000, which was slightly more than the original estimate. This was due in part to increasing the fence height from four to six feet. The size ended up at 50X120 feet. If anyone needs to personally view the fence, the address is 720 Old Salem Highway (Murfreesboro).

Please pass this on to David or the appropriate committee that should receive notification of the use of the grant. Let me know if there is anything else we need to submit.

We appreciate so much the assistance from the Association.

Blessings,  
Mark
