Is this the first time the Church has participated in a mission project of this type? No

Describe the work/ministry that was accomplished by the ministry team:

- We are preaching the gospel every Sunday
- We have Bible Study on Sundays and Thursdays
- We have had two professions of faith
- One baptism

Besides the contacts that we do, we are having monthly fellowship events to draw persons to the Church. Also to get ourselves known in the community. We will have from 10 to 35 persons present in each event.

What advice would you give to other churches who may be considering a similar mission project?

- Build a core group to start the project
- Locate the ministry near the group you want to reach
- Plan the launching date to invite the community
- Find a sponsoring church that will support the ministry
- Stay in touch with the denomination agencies.
